

## **Notice for Class X**

Date : 15/01/2022

The students are all attending virtual classes from January 5, 2022. To make the lessons even more interesting and understandable, the School Management has decided to introduce online smart class videos for all subjects and for this all the teachers teaching Classes X have undergone extensive training from '**Convergia Digital Education Private Limited**' (S.Chand Group Company), providing content.

We are very happy to let you know that the Management has considered the request of the parents regarding the computer fees and a discount of 50% has been given considering the year as a pandemic year. Seeking your kind cooperation in the matter.

Thank you

Principal

(The BSS School)
